

RESONETICS®

ABOUT RESONETICS®

The leader in advanced
engineering and
manufacturing
solutions

Committed to delivering innovative and next generation solutions to market in advanced engineering, manufacturing solutions, product development, and prototyping.

Resonetics® will be the leader in advanced engineering and manufacturing solutions serving the MedTech industry through innovation and unrivaled customer experience.

Manufacturing capabilities

Laser processing

Nitinol processing

Thin wall tubing

Metal fabrication

Sensors

Batteries

Expertise in manufacturing

- Lightspeed Labs®
- AGILE Product Development® services
- Finished device assembly & packaging
- Automated solutions

“We are a specialist in micro manufacturing, and we focus our technology on components and assemblies for medical device and diagnostics manufacturers. We’re built to solve challenges that will enable our MedTech customers to bring innovative new products to the life sciences market and improve health care around the world. Our people embrace urgency and teamwork in a progressive, fast-paced environment with a shared purpose and a clear mission.”

-Kevin Hartke, CTO

Our values

Innovation	Integrity
Urgency	Respect
Quality	Inclusion

Our story

Resonetics® is a leader in advanced engineering and micro manufacturing for the life sciences industry. Core capabilities include laser processing, centerless grinding, nitinol processing, thin-wall stainless steel & precious metal tubing, photochemical machining, microfluidics, sensor solutions, and medical power. With Lightspeed Application Development® Labs located strategically to serve MedTech companies around the world, Resonetics is built on a foundation of quality, speed and innovation. The company is ISO 13485:2016 certified with facilities in the United States, Canada, Costa Rica, Israel, and Switzerland.

20 Global manufacturing locations in 6 countries

United States	Israel
Canada	Switzerland
Costa Rica	Netherlands

9 Lightspeed Labs

300+ dedicated Lightspeed engineers and technicians

3,000+ Employees
